

Nicaragua Mission Trip

Purpose:

The purpose of this trip is three-fold. First, to give the students an experience of traveling abroad and seeing a new culture; second, to work with people who live in extreme poverty and yet are filled with joy; third, to provide a financial and sustainable benefit to the people of Quebrada Honda where money will be sent to purchase supplies for the work to be done.

We will be working Fabretto Children's Foundation. Activities may include painting the school, building structures needed at the site, repairing the church that is in disrepair, working with children in their daily activities, and helping in the kitchen and garden.

The trip is limited to twenty-four people, including chaperones. A US passport is necessary for entry into Nicaragua and must be valid for at least 6 months. Tourist cards are given upon arrival and valid for 30 days. Travelers need to be aware of their medical history. It is necessary to see a doctor at least 1 month before departure to get everything in order.

Trip Expenses:

Airfare to Nicaragua:	\$800.00
